

ACME CORPORATION

Remote Work Policy

Guidelines for Remote and Hybrid Work Arrangements

Effective Date: January 1, 2026

Version 1.0 | Human Resources Department

1. Purpose and Scope

This Remote Work Policy defines the guidelines for employees of Acme Corporation who work remotely, either on a full-time, hybrid, or occasional basis.

This policy applies to all employees whose role has been approved for remote or hybrid work arrangements by their department head and HR.

2. Eligibility and Approval

Eligibility Criteria

Remote work eligibility depends on the nature of the role, business requirements, and the employee's performance record. Not all roles are eligible for remote work.

Approval Process

Employees must submit a Remote Work Request Form to their manager, who will review it in consultation with HR before granting approval.

Work Arrangements

- Fully Remote: Employee works from a remote location on all working days.
- Hybrid: Employee splits time between office and remote location, typically 2-3 days in office per week.
- Occasional Remote: Employee works remotely on an ad-hoc basis with manager approval.

3. Working Hours and Availability

Remote employees are expected to be available and responsive during standard business hours, 9:30 AM to 6:30 PM, unless otherwise agreed with their manager.

Communication Expectations

Employees must keep their status updated on company communication tools and respond to messages and emails within a reasonable timeframe during working hours.

Team Meetings

Remote employees are expected to attend all scheduled team meetings via video conferencing with camera on, unless there are technical or personal constraints.

4. Workspace and Equipment

Home Office Setup

Employees are responsible for setting up a quiet, ergonomic, and professional workspace suitable for conducting business activities.

Equipment Provided

Acme Corporation provides a laptop and, where required, additional equipment such as a monitor, keyboard, and headset for remote employees.

Internet and Utilities

Remote employees are eligible for a monthly internet and utility reimbursement of up to Rs. 1,500, subject to submission of valid bills.

5. Data Security for Remote Work

Remote employees must follow all guidelines outlined in the company's Information Security Policy while working outside office premises.

VPN Usage

Employees must connect to the company VPN whenever accessing internal systems or confidential data from a remote location.

Public Wi-Fi

Use of public or unsecured Wi-Fi networks for accessing company systems is strictly prohibited unless connected through the company VPN.

Family and Visitor Access

Employees must ensure that company devices and confidential information are not accessible to family members or visitors at the remote workspace.

6. Performance and Review

Remote employees are evaluated based on the same performance standards and goals as in-office employees, with a focus on output and deliverables.

Regular Check-ins

Managers are expected to conduct regular one-on-one check-ins with remote employees to discuss progress, challenges, and support needed.

Policy Review

This Remote Work Policy will be reviewed annually and may be updated based on business needs and employee feedback.

For questions regarding this policy, employees can reach out to their HR Business Partner or the People Operations team.
